

Euronat, the ideal place for a first naturist experience.
Discover naturism with your family.

You are in a naturist area, where you have the right to live naked !
Let's treat ourselves, our fellow human beings and the environment with respect!

EURONAT, The naturist charter

SELF-RESPECT

Respect nudity whenever weather permits. Nudity is mandatory at the pool, beach, sanitary facilities and the marine space of the thalasso. You therefore commit to practicing nudity and ensuring those in your care do too (family, guests, etc.). Swimsuits, bikinis and thongs are prohibited.

However, common sense prevails. Tolerance exists for certain sports activities, for women at certain times and for teenagers.

RESPECT FOR OTHERS

No ambiguous behavior, voyeurism or exhibitionism likely to shock children and adults will be tolerated.

Naturism in Euronat is family-oriented and friendly.

Personal hygiene is essential.

Intimate jewelry or piercings are prohibited; simply removing these accessories provides both young people and adults with a reassuring environment in which the body is presented without additional adornments, without confusion, and in its natural authenticity.

Courtesy, good manners and respect for everyone's privacy are essential.

Photography and video, by any means including mobile phones, are prohibited without permission from people in the field of view.

Any group or individual not respecting this basic rule must leave Euronat immediately.

Both the chalet villages and the campsite are naturist. EURONAT is a place of rest and rejuvenation. Noise pollution should be avoided.

RESPECT FOR THE ENVIRONMENT

Being a naturist provides an exceptional feeling of freedom through contact with natural elements: sun, water, wind. Nudity brings closeness to the environment and raises awareness of its fragility.

The exceptional and preserved nature of EURONAT's naturist area must be protected.

We must :

Respect the dune and beach and leave no litter.

Do not cut trees or shrubs, do not pick wild flowers, especially on the dune which is a very fragile ecosystem.

Sort waste and use the containers provided
Save water whenever possible. Use sanitary bags for our animal friends (available at reception)

Avoid using cars. Prefer cycling and walking. Vehicle use (cars, scooters, electric bikes...) is limited to 20 km/h with absolute priority for pedestrians, children and cyclists.

Respect all facilities.

Use a cigarette butt box if you smoke.

By signing this charter, I confirm that I have read and understood it, and undertake, on my own behalf and on behalf of my family, to adhere to its principles in accordance with naturist ethics and mutual respect, in order to safeguard the well-being of all.
